PROJECTS

Cardstock Warriors 2016

Designed User Experience and User Interface for the site, including branding and full-site PSD mockups. Final build of the site was done by the game creator.

Caturday 2017

Utilizing the Flickr API and AJAX, I created a gallery website with cat photos. It features a grid layout for the photo gallery and is completely responsive.

Milk and Saucer Cat Cafe 2016

Although Milk and Saucer is a fictional cat cafe, the responsive site was designed and built the site for a student project. It was built using HTML, CSS and Javascript.
